PROFILE

B.Tech CSIT (Computer Science & Information Technology) + BBA dual-degree undergraduate at KL University (CGPA: 8.68) with a marketing-focused BBA track and hands-on experience researching and presenting on digital marketing. Strong written communication (Cambridge Linguaskill certified), a builder's mindset from full-stack projects, and a track record of independently researching a topic, structuring it, and turning it into a polished, presentation-ready output. Looking to bring that same research-to-content pipeline to a Social Media Marketing internship.

MARKETING & CONTENT EXPERIENCE

Digital Marketing Research Project

KL University

Independent Research | BBA Marketing coursework

- Researched and wrote a comparative paper on Digital Marketing vs. Traditional Marketing, independently structuring the argument and content from scratch.
- Reformatted the paper to match a formal academic journal layout (International Journal of Science Technology and Management), demonstrating attention to formatting and presentation standards.
- Converted the written research into a formatted PowerPoint presentation for delivery, translating dense written content into a clear, visual, audience-ready format.

RELEVANT COURSEWORK (BBA MARKETING ELECTIVES)

- Advertising & Sales Promotion
- Customer Relationship Management
